Related: Sap crystal reports 2013 sp12 product key free; Crystal report 2016 product key - Best answers; Crystal report 2013 product key . A: I have found the solution to that problem and i'm share the post here because it can be useful to other developers who face the same problem. What is the problem: In my pc i'm using 4 years old windows XP and that don't support .NET 3.5. So, i try to install CR 2011 sp4. But, after i finish the installation, CR shows me an error message. How to fix that: The problem is the the "Crystal runs on a .NET Framework 3.5 SP1" and windows XP doesn't support this framework. So, first we need to add .NET framework 3.5 to windows XP to make it compatible with CR 2011. How to add .NET framework 3.5 to windows XP: I hope that i found a solution for that problem in this post, i'm still searching for a solution for that problem and for that i'm searching for CR 2011 sp4 product key. Thanks for reading my post. #ifndef UTILS_INCLUDE_CUDA_RNG_HPP_ #define UTILS_INCLUDE_CUDA_RNG_HPP_ #ifdef __cplusplus extern "C" { #endif #include #if defined(__CUDA_ARCH__) && __CUDA_ARCH__
